

Dylan Austin

UX Designer & Content Strategist

Seattle, WA | hi@heydylan.xyz | heydylan.xyz | linkedin.com/in/heydylan

Professional Summary

Dylan is a product-minded UX designer and content strategist in Seattle. He's a tinkerer and untangler who has spent 10+ years writing, designing, and building digital experiences at companies like Pinterest and Ancestry.

Skills

- UX/UI & Responsive Design: Wireframing, high-fidelity prototyping, and designing for complex functionality and user journeys
- AI-Assisted Workflows: Leveraging tools like Figma Make, Claude, and OpenCode with well-tuned prompting for rapid iteration of live prototypes that align with tech stacks, facilitating collaboration and developer handoff
- Integrated Content Strategy: Site-wide content audits, information architecture, and aligning brand voice across product touchpoints
- Systemic Health & Accessibility: Identifying and addressing design debt and accessibility (A11Y) issues within existing products
- Cross-Functional Alignment: Coordinating between dev, design, and content teams to modernize site architecture and production workflows

Experience

Content Designer / UX Designer | Know Your Pet DNA by Ancestry | *Mar 2025 - Jan 2026*

- Shifted to a UX lead capacity as team dynamics changed, designing new roles and permissions functionality, account settings experiences, and shareable graphic features
- Addressed impeding design debt and A11Y issues
- Realigned brand voice and ethos across CRM and the Know Your Pet DNA site
- Leveraged member services insights to address user experience gaps within the product
- Conducted a comprehensive site content audit and cleanup to streamline information architecture
- Partnered with the dev team and product stakeholders to facilitate a product migration to a new parent company, including transition of content ecosystem in Hygraph and the user experience for customer data migration

Content Strategy Manager | Independence Pet Group | *Jun 2023 - Apr 2025*

- Led a content strategy transformation that aligned dev, design, and content teams to modernize site architecture and production workflows
- Spearheaded a comprehensive SEO content strategy overhaul for ASPCA Pet Health Insurance, achieving #1 and #2 rankings for competitive, high-intent keywords
- Collaborated on UX/UI site optimizations that converted organic traffic into revenue, resulting in a 4x growth in organic sales within 6 months
- Managed optimized blog content driving 80% of total organic traffic and a 92% YoY improvement in conversion rates

Digital Copywriter | Ollie | *Feb 2023 - Jun 2023*

- Email marketing campaigns, paid media (paid social, affiliate marketing, search), landing pages, and other creative copy

Editorial Content Writer | Pinterest | *Jun 2022 - Feb 2023*

- Managed daily content for Today's Inspiration and Shopping Spotlight surfaces across a wide range of verticals—approximately 1,500 pieces of content
- Handled content management, curation, scheduling, and trend identification on and off-platform
- Drafted engaging copy for email marketing, landing pages, and paid media including social, affiliate, and search
- Assisted on cross-functional projects for paid social campaigns and creator teams, including music curation and features for Vogue and Allure
